
Summerbank Primary School Sports Funding

What is the Sports Premium?

The government is providing funding of £150 million per annum for the academic years 2013/14, 2014/15, 2015/16 and 2016/17 to provide new and substantial primary school sport funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school Head Teachers to spend on improving the quality of sport and PE for all their children. Each school will receive £8,000 plus an extra £5 per pupil each year for the next two years - here at Summerbank Primary that will mean around £9320 a year. The money can only be spent on sport and PE provision in schools.

Purpose of the funding

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses of the funding include:

Hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE

New or additional Change4Life sport clubs

Paying for professional development opportunities in PE/sport

Providing cover to release primary teachers for professional development in PE/sport

Running sport competitions, or increasing participation in the school games

Buying quality assured professional development modules or material for PE/sport

Providing places for pupils on after school sport clubs and holiday clubs

The PE Plan below outlines the expenditure of this grant for the academic year 2015/2016.
