Total number of pupils eligible for PP	182
PP pupils with EAL	70
PP pupils with SEN	45

4. Barriers to future attainment (for pupils eligible for PP)	
i	Vast majority of children below age related expectation on entry to nursery / Reception
ii	A growing percentage of children new to English or with EAL. throughout all year groups
iii	Limited language / restricted vocabulary which impacts on learning
iv	Pupils being 'ready to learn' (being in a secure place mentally and emotionally)
v	A lack of regular routines including home reading, homework, spelling and having the correct equipment in school (e.g. PE kit)
vi	Consistent attendance and punctuality
vii	Mobility – many moves between schools
viii	High deprivation factor / poverty
ix	Low aspirations about what can be achieved and how to be successful and limited access to positive role models
x	Cultural differences and commitments
xi	Narrow range of opportunities outside school (life experiences, libraries, books)
xii	Parental engagement with school and perceptions of education

5. Desired Outcomes		Success criteria
A	At key National milestones the gap in achievement between disadvantaged pupils and all pupils nationally is diminishing.	Pupils achieve (or exceed) expected levels in GLD, Reading, Writing, Mathematics, SPaG related to their individual start levels.
B	Ongoing monitoring demonstrates that provision for disadvantaged pupils is leading to at least expected progress for pupils in all year groups.	There is evidence of the gap between PP attainment and National All Pupil attainment diminishing at key national data points.
C	Attendance and punctuality of disadvantaged pupils is improving towards national benchmark	Disadvantaged pupils' attendance (currently 94.49% in academic year 2017/2018) to diminish the gap to national non-disadvantaged (currently 94.3%)
D	Disadvantaged pupils can access learning effectively because their physiological, emotional, social and safety needs are being met.	Pupils are ready to learn in class. The number of interventions at the point of learning are reduced
E	Disadvantaged pupils experience a full, appropriate and enriched curriculum.	The curriculum provides opportunities for pupils to broaden their horizons and knowledge and understanding of the world. Pupils attend events/visit places they would not usually be exposed to.
F	Disadvantaged pupils demonstrate increased confidence, communication and language skills.	Vocabulary scores in KS1 and KS2 assessments demonstrate improvement toward the national. Pupils are given the tools and opportunities to express themselves and perform.
G	The engagement of parents/carers of disadvantaged pupils positively influences the outcomes for their children (social, emotional, academic)	Parental uptake of opportunities in school to participate in: shared learning with their children; personal learning; and engage with support agencies increases.
